Ref. No 439/UTU/2009

Date :08-10-2009

To,

The Chairman or
The Directors / Principals

Affiliated to Uttarakhand Technical University Dehradun.

Sub: Complaint made by students in general.

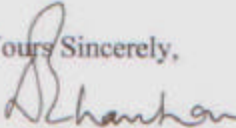

Dear Sir,

Following complaints have been made by students which are of general nature but meaningful. Every Institute can look into their deficiencies and convene a meeting and address grievances on following points:

- 1- Enrollment number must be allotted to each student. Please check and inform the University who has not been allotted enrollment number.
- 2- Each semester result should have marks and each year should have one year (two semesters) mark sheet.
- 3- Examination fees though high but it is charged through out the country. In year 2000 it was Rs. 3000 per year. After 10 yrs it has been reassessed and hiked. Since the number of the students of the UTU are very small in number compared to other Universities. It is generally kept 5% of the total tuition fees charged by the institutions. But will remain the same for another 10 years till 7th pay commission will be implemented.
- 4- M.Pharm has been started at 3 centers; it is more than sufficient for such a small number of pharmacy institutions.
- 5- Faculty of the institution should be in the 1:15. But 1:20 must be strictly followed by each institution.
- 6- Scholarship if possible, institution can initiate at their own level.

- 7- It is not possible to ignore theory as well as practical classes but student must feel satisfaction on both aspects.
- 8- University will be visiting institution every year but laboratory practices must be rich in all contents through out year. Visit can not ensure your regular activities.
- 9- PCI in due course of time be visited for ensuring your institute fit for pharmacy education and certification and NBA in 6 yrs. for technical assistant ship from AICTE institution should be accredited in every discipline.
- 10- Director must be available in all the Institutions and common facility like library, central computing facility, journals, display of marks after test, availability of all reference books should be adequate in library.
- 11- Fees is decided by government Private or government Institution cannot avoid hike in fees where salary of the teachers will be paid in the 6th pay commission.
- 12- Teacher's rentation and their qualification improvement may be possible in sequential courses and Ph.D registration as expert monitored Ph.D is also possible in university. Now 200 teachers are registered in various disciplines.
- 13- Training and placement cell should be compulsory in all the institutions.
- 14- University has no welfare fees but it is very good scheme prevalent in UPTU but unfortunately UTU has not implemented. Common sports can be university activities through sports fees. Insurance of students can be possible on university level provided decided by you all in general.

With regards,

Yours Sincerely,

(Prof.D.S.Chauhan)
